#### 10. “If this is Paradise...” at Geary, Millerton, New York

Geary presents a solo exhibition of “Ghost of a Dream,” an artist collaboration between Lauren Was and Adam Eckstrom. The works for the show are comprised of news images of natural and man-made disasters such as burning police cars, floods, and oil rig fires. The images were arranged based on the subject matter, collaged, and desaturated, resulting in a blurred, yet beautiful patterns. Fire and water often mark the end of things, but here the artists want to explore the notion that those elements can also mark rebirth, and what these images and events mean for the future of our planet.
